pie to our Democratic friends

We wonder if the Democrats gave day for handing it to them?

can be gotten over with.

South "- Pielmont Banner,

at any time, for in Republican states , rally heeded. Democrats are allowed to vote.

The big powers would all like to grab the best part of Turkey from the little fellows who have slaughtered him, only they can never agree which tells. The combination of the two should have most of the white meat. So the Balkan allies will probably riculture to give to the State the have the whole territorial feast to

Our Democratic friends are atterly opposed to putting the federal jobunder civil service regulations until they get them, then those regulation will be just and proper in their application. It was President Cleve land who first started the work of nailing down the jobs.

While hard times haven't have into sight yet, they are due just as soon as the new Democratic administration makes its tariff cutting program manifest. Then you will see something d ing in wage cutting, strikes, lockouts closed factories and falling prices, folloved in all probabilty by labor riots.

Already Rocsevelt's campaign or "We stand at Armageddon and wo battle for the Lord," has been aptly paraphrased to meet a situation that will in all probability result from placing the Democratic party in power again, viz: "We stand at Armageddon and we battle for our

gin to tariff legislate they will try to save protection for their own favof the country. The southern sugar growers want a tariff on sugar, the southern cotton manufacturers on care a darn whether any other industry is protected

lev is out with a long letter in the saying that he cannot bess around much pie because there won't be much to pass, because most of it is nailed down by the civil service rules and the faithful can only wait and hope that President Wilson will apply the nail puller.

It's a dollar to a doughnut, or ev on the hole in the doughout, that the Missouri Democracy will pass or atternot to pass partisan laws at the furtheoming session of the General Assembly, in which it will be in full control, to disfranchise enough Reputlican voters to make the state solid for that party for the next forty or fifty years. Aircrefy they have their eyes on the negro voter and are seri u ly considering "grand-father" clauses.

In acquitting the Lawrence, Mass. labor leaders. Ettor, Geovannitti and Caruso, of the charge of murder the jury administered a just rebuke up on the altogeter unmerited and unwholesome tendency of harding the laboring class into court on serious priminal charges on what looks like mills labor troubles at Lawrence some time ago, on an occasion when the authorities sought to interfere in the strike in behalf of and probably incited by the mill owners, a woman was killed by a shot fired during the riot, while the police were as ready with their pistols as any of the strikers. The woman was one ous firing. But an effort was made that was worthy of serious considerterest in having the men prosecuted.

A recent report from the Medical says that typhoid fever has been entirely eliminated from the army by recent times the most stubborn di- have some good corn, write today Men's Flannel Shirts, regular soldiers during that strife than any ment of the health of the soldiers retary, Columbia, Mo.

> NINETY-THREE BARRELS OF MILK IN ONE YEAR.

"Blood tells." Likewise, feed enacled the Missouri College of Agworld's record cow, Josephine. The same combination has chatled the College to give Missouri another high record milk and butter producer, Car-Carlotta is seven years old. She

was bred on the College farm. In welve months during which her tilk was officially weighed and tested she produced 23,502 pounds of milk. This is equivalent to 93 1-2 standard barrels. The milk from this one row would have supplied the needs of thirty average city homes Her milk contained 708 pounds of butter fat, which is equivalent to \$27 pounds of marketable butter. This was sold at regular Elgin pricninery dollars' worth of feed to pro- of all such schools visited, and will pleted the work is bound to progress duce this gross return of more than recommend that it be taken as the a m ch mere rapid rate. \$2.30. At six cents per quart, which is less than the usual price to city customers, the milk from this cow THE NEW KAILROAD. would have sold for over \$700.

There are a good many so called them in other states in which the entire herd does not return as much clear profit for feed consumed in a Year as has this one cow owned by the company. ored south at the expense of the rost Missouri Agricultural College-Carlotta Pontiac.

TYPHOLD VACCINATION.

Typhoid may be prevented by mears as rapid as practical. f vaccination. The vaccine is the enetion which may give some disain follows, if the vaccination is rade with the strictest antiscptic recautions; otherwise intection with ossibly abscess formation may red: Three vaccinations, at interals of ten days, are necessary. Vacmation against typhoid is harmless. It produces an immunity against tyhold fever which is sufficient protecon against the disease. This proection lasts about two years.

temperature of minus I', degrees centigrade recovery was quickest and most complete. The next stage was the repetition of the experiment on warm idecated animals and on mammais. Two hundred tests in all were made, and nearly all succeeded. Bats were refrigerated and kept "dead" for many weeks and then completely restored. New York Tribune.

Second Solomon.

A famous Chicago lawyer once had a singular case to settle. A physician came to him in great distress. Two sisters, living in 1. same Louse had babies of cuit a age, who so resembled esen other that their own mothers were marble to distinguish them when they were together. By the cartiessness of the nurses the children had become mixed, and how were the mothets le many that they re cived back their own infants? "But, permits," said the lawyer "The children weren't changed at all. "Oh, but there's no doubt that they were changed," said the physician. "Are you sure of it?" "Perfectly." "Well, if that's the case, why don't you charge them back agam? I don't see any difficulty in the case.
